ABOUT ME

I have a strong narrative sense with the ability to react quickly and efficiently to any programme challenges. BBC trained, with over **20 years' experience** as one of television's leading freelance editors, I am known for my **strong editorial skills** bringing out the human emotion from the material whether it's humour or empathy. I have experience in making many **award-winning** programmes.

My work often involves setting up new series and styles. I still love what I do and manage to maintain a good sense of humour in the cutting room.
